## Safe Employment Training & Resources

As part of our commitment to working together with our communities, helping people live safer, happier lives and in response to the learning from a local Safeguarding Adult Review [SAR Una](#) the WSAB Business Unit have developed the Safe Employment Training.

This is a great opportunity to find out more about applying a safeguarding mindset to every part of the employment journey. We want organisations to be curious about their own organisational culture and their approach to employment, in order to fulfil their responsibilities to keep everyone safe.

We have also developed a number of resources which can be used by recruiting managers, employers, community groups and voluntary organisations. Including reference templates, a safe employment checklist and Value Based Interview Questions. You can find out more [here](#).

To ensure this learning is accessible for everyone we offer the training either as a full day, face to face session or as a virtual bitesize session. You can book your place [here](#).

## Mental Wellbeing and Education Training Offer

The Mental Wellbeing Education & Training offer is a free resource available to voluntary, community, faith, and social enterprise (VCFSE) organisations, partner organisations across Wigan, and anyone supporting others in the community.

The aim is to strengthen community capacity by equipping individuals with the knowledge and confidence to support others experiencing poor mental wellbeing. This involves developing people's skills, motivation, and understanding so they feel empowered to offer timely, appropriate help and guide others towards relevant support services.

## Special Recognition Award Winner— Celebrating Jean Ramsdale's Extraordinary Contribution to Nursing

Jean began her nursing career in 1980 and quickly developed a passion for elderly care. Over 40+ years, she pioneered roles and initiatives that transformed how Wrightington, Wigan and Leigh Teaching Hospitals NHS Foundation Trust approaches care for older people and those lacking capacity. She became the first Trust Lead for Older People/Dementia and later MCA/DoLS Lead, always keeping person-centred care at the heart of her work.

Her achievements included setting up falls and rapid access clinics, creating nurse-led wards, implementing pressure ulcer prevention techniques, adapting Intensive Care Unit scoring systems, and delivering dementia training to staff, including the Trust Board. Jean also directed the award-winning film "*Diary of a Bed Number*" to raise awareness of dementia patient experiences. Ensuring staff give the best possible, individualised care whilst empowering individuals to remain active in decisions.

Jean's influence has shaped policies, training, and culture, ensuring patients retain a voice and choice. Her dedication and advocacy have left an enduring impact on elderly care and dementia services across the Trust.

Jean retired on the 31st of December and the Board visited the Trust to present her Special Recognition Award before her retirement.

## Meet Anna Swift—Clinical Director at Wigan and Leigh Hospice

I'm Anna Swift, the new Clinical Director at Wigan & Leigh Hospice. I've worked in the NHS in Wigan for more than 20 years across primary care, hospital services and system leadership. I'm looking forward to continuing that work in a role that's firmly rooted in the local community.

At Wigan & Leigh Hospice, I lead our clinical teams who support people living with life-limiting illnesses, whether at home or in our Inpatient Unit. Much of my career has focused on improving access to care and tackling the barriers that prevent people from getting the support they need. That remains a priority for me, high quality, responsive care should be available to everyone who needs it.

I was drawn to the hospice because of its value led approach and its commitment to dignity, compassion and holistic support for patients and those close to them. My aim is to lead with clarity, support colleagues to do their best work and help shape services that meet the needs of people across the borough.

Outside work, I enjoy reading, walking my dog and travelling - with South America still on my list.
